

Jessica Howard, MS, PC

Jessica Howard is a Therapist for the Maternal Depression Treatment Program and MIDIS-II program in Every Child Succeeds. She received her Master of Science in Clinical Mental Health Counseling from Wright State University in 2010. She is a licensed Professional Counselor with the State of Ohio Counselor, Social Work, Marriage and Family Therapist Board. She has past experience providing in-home visitation with teenage mothers and infants as part of a mentoring program. Her research interests include maternal depression and enhancing early childhood prevention programs.
